

Flying High Sports and Rec Center is currently hiring OTs and PTs for our therapeutic gymnastics program!

Come and check out this unique, fun way to provide therapy in a gymnastics setting! Flying High is seeking outgoing, energetic OTs and PTs who want to work part time. You make your own schedule although after school and weekend hours are preferred! This is an excellent opportunity for EI or school therapists to pick up some extra hours. We offer competitive pay and a flexible schedule.

You must have a strong background in pediatrics although no gymnastics experience is necessary. We will provide training on all the equipment. New grads welcome!

Most therapy is provided in the gym although we do have a more "traditional" therapy room with suspended equipment and tables/chairs.

Please contact Laura at laura@flyinghighgym.com or call [708.352.3099](tel:708.352.3099) for more information.
